About the EXHIBITION

Salt India 2026 -International Exhibition and Conference focus on Salt Products, Production and Process, Equipment, Machinery, Technology Raw Materials, Salt Plant, Civil Engineering & Allied Industries is a platform for the major stakeholders of the Salt producers industry and their buyers to find out the new business opportunities. The expo will provide the latest key trends in international & regional salt industry.

Salt India 2026 will be organized with the main aim to promoting the growth and development of the Salt Industry in India in association with CSIR-CSMCR, Bhavnagar, Gujarat As the Co-Organizers. The event will offer so many opportunities for networking and business for the participants from the salt industry.

The exhibition and conference will get participation from across the Country from various salt producing states including Gujarat, Tamil Nadu, Rajasthan, Andhra Pradesh, Odisha and Maharashtra and also international Exhibitors from China, USA, UK, Spain, Turkey, Switzerland, Australia, Italy, Argentina, Belarus, Austria, Belgium, Canada, Brazil, Germany and Many more are expected to participation in the exhibition.

Industry OVERVIEW

India is the third largest Salt producing Country in the World after China and USA with Global annual production being about 230 million tonnes. In a short period of time sufficiency was achieved and made a dent in the export market. The per-capita consumption of salt in the country is estimated at about 12 kg, which includes edible as well as industrial salt. The current annual requirement of salt in the country is estimated to be 80 lakhs tones for industrial use.

Caustic soda, soda ash, chlorine etc., are the major salt-based industries. Besides about 20 lakhs tones of salt are exported every year.

Private sector plays a dominant role contributing over 95% of the salt production, while the public sector contributes

about 2-3%. The co-operative sector contributes about 8% whereas the small-scale sector (less than 10 acres) accounts for nearly 40% of the total salt production in the country. The worldwide salt production is currently 200 million tons and exceeding the mark rapidly. The worldwide industries manufacture this huge quantity of salt not only for consumption but for non-edible and industrial purpose as well.

Almost sixty percentage of salt production in the whole world goes to the industrial usage. Only the remaining forty percent is used for miscellaneous purposes that major constitutes the application in the form of food additives.

- Salt Producers and Processors
- Equipment and Machinery Suppliers
- Salt Distributors
- Salt Exporters & Importers
- Salt Extraction Technologies
- Salt Production Technologies
- (Dry and Solution Mining, Solar Salt, Thermal Evaporation, Membranes)
- Chemicals
- Raw Materials
- Wind Energy
- Warehouses and Industrial Storage Systems
- Mining Equipment's
- Solar saltworks
- Vacuum Salt Processing Plants
- Banks
- Plastic Liner/Laminated Tarpaulin
- Chilling Plant
- Water Pump Manufactures
- Laboratories
- Pharmaceutical Machinery / Material
- Chemical Plants & Machinery
- Filtration & Separation Systems, Filters
- Solar Energy Equipment's
- Water Treatment & Pollution Control Equipment's.
- Food Chemical
- Lab Testing Equipment

- Scientific Instruments
- Industrial waste management
- Industrial Automation
- Food Processing Industries
- PVC Pipes & Tubes
- Earthmoving Machinery and Equipment's.
- Seawater RO Membranes
- Valves
- Labeling
- **Salt Processing Machinery:**
 - Washing Cyclone
 - Salt Harvesting
 - Salt Washers
 - Salt Refineries
 - Soda Ash
 - Chlor Alkali Process
 - Screw Washer
 - Pusher Centrifuge
 - Centrifuge Pump
 - Crystallizer
 - Hydro cyclone
 - Milling Machine
 - Fluid Bed Dryer
 - Cyclone
 - Basket Centrifuge
 - Heat Exchanger
 - Screening Machine
 - Iodizing Machine
 - Rotary Tablet Machine
 - Screw Conveyor
 - Elevator

- Salt Silos
- Electric Control System
- Conveyor Band
- Packaging Machine
- **Salt Processing Technology:**
 - Salt Processing Plants
 - Loaders
 - Salt Washing
 - Salt Spin Drying
 - Salt Grinding
 - Salt Drying
 - Salt Screening
 - Salt Color Sorting
 - Salt Sacking
 - Colour sorting
 - Bagging
 - Palletising
- **Salt Plant Civil Engineering Services:**
 - Conceptual design Agencies
 - Earth works Equipment
 - Civil engineering Contractors
 - Construction Machinery & Equipment
 - Plant engineering Contractors
 - Reinforced cast concrete works
 - Steel structures erection
 - Equipment and piping erection
 - Electrical and instrumentation installations

Visitor PROFILE

- Salt Manufacturers
- Dealers, Wholesalers & Distributors
- Importers & Exporters
- Salt Plant Managers
- Salt Consultants and Engineering Contractors
- Chemical Resources Managers
- Shipping and Logistics
- Salt Scientist
- Govt. Organization
- Trade Associations & Media
- Industries Delegation especially from:
 - Salt, Food, Agriculture, Pharmaceuticals, Oil & Gas, Paint,
 - Chemical, Glass, Textiles, Detergent & Soap manufacturing Industry

Benefits of PARTICIPATION

- Meet high quality prospects and decision Makers
- Brand Building opportunity among the Industry
- Direct interaction with industry suppliers, buyers and distributors
- Find out the latest technologies, products and services
- New import & export opportunity
- Network with Industry professionals
- A platform to launch new products
- Explore Joint venture & partnerships

SMARTECHBIZ 2026

The International Conference on Salt & Marine Chemicals - Technology and Business

22-23 January 2026 | Helipad Exhibition Ground, Gandhinagar, Gujarat, India

SMARTECHBIZ 2026

SMARTECHBIZ 2026 brings together global leaders, innovators, researchers, and industry stakeholders from the salt and marine chemicals sector on one powerful platform. Held alongside Salt India Expo 2026, the conference is designed to deliver deep insights into emerging technologies, new market opportunities, and the evolving dynamics of the global salt and marine chemical industries.

This premier 2-day conference will feature high-impact sessions led by international experts, scientific researchers, policymakers, and top industry executives. Participants will gain valuable knowledge on advancements in production technologies, sustainability practices, supply chain modernization, investment trends, and global trade developments.

KEY HIGHLIGHTS

- Expert-Led Technical Sessions on salt processing, marine chemical extraction, innovations, and industrial applications
- Business & Market Insights covering international trade, pricing trends, and global demand patterns
- Panel Discussions & Knowledge Forums with government bodies, research institutions, and leading manufacturers
- Industry Case Studies showcasing successful innovations, automation practices, and energy-efficient solutions
- Networking Opportunities with global delegates, buyers, technology providers, and policy influencers

WHO SHOULD ATTEND?

- Salt & Marine Chemical Manufacturers
- Technology and Equipment Suppliers
- Researchers & Scientists
- Exporters, Importers & Traders
- Government Authorities & Regulatory Bodies
- Consultants, EPC Companies & Project Developers
- Investors & Industry Associations

KEY SESSIONS

- Advance in Salt & Marine Chemicals Research and Knowledge Translation
- Indian Salt Industry: Current Scenario and Outlook
- Perspectives on the Indian Chemical Industry
- Latest Technologies in the salt Industry: Automation and Mechanization
- Emerging Bromine Technologies
- Global Salt Scenario and Market Dynamics

20-21-22 AUGUST, 2026

Bharat Mandapam, Pragati Maidan, New Delhi, India

01-02-03 SEPTEMBER, 2026

India Expo Centre, Greater Noida, U.P., India

SALT INDIA EXPO 2024

EXHIBITION GLIMPSES

Organizers

Indian Trade Fair Academy

ITFA is a registered and non-profit trade association with the main objectives to promote exports of Indian MSMEs, providing business platform to medium and small scale industry on national and International level, Research & Industry Development, Trade Promotion, Event Management, organizing national and international b2b & b2c Exhibitions and also specific education in exhibition management.

ITFA is engaged in the promotion of export of MSMEs in various sectors for last several years and providing platform to the small scale industry to promote their products through the buyer seller meet, national and international trade exhibitions with continuously the aim to create a bridge between buyers and suppliers.

Indian Exhibition Services (IES)

Indian Exhibition Services (IES) is a leading Exhibition organizing company in India. That has been involved for the last several years in trade promotion activities like exhibitions, seminar & conferences, buyer seller meets in India and abroad. IES major initiatives are Sport India Expo, Fitness India, Rehab India Expo, Sport India Conference, Sports Goods Manufacturers Forum, Sport India Infrastructure Summit, Sport India Fashion Show, World Environment Expo, Greenovation – International Green Building Technology Expo, Biodegradable Expo, World Environment Conference, EV India Expo, E-Charge Forum, India Buildtech, Gas India Expo, NGV India Expo, World Gas Summit etc.

IES is engaged in national and international trade promotion and provide business platform to the corporates, industrialist, and small-scale industry to promote their products through the buyer seller meets & trade exhibitions with the aim to create a bridge between buyers and suppliers.

CSIR-Central Salt & Marine Chemicals Research Institute

CSIR-Central Salt & Marine Chemicals Research Institute CSIR-CSMCRI (a constituent laboratory of the Council of Scientific and Industrial Research, India) is a leading Indian R&D institute known for exceptional achievements in diverse research areas. With dedicated staff and research fellows, it excels in applied research including salt, marine chemicals, water desalination, renewable energy, and waste management. According to the Scimago Institutions Ranking World Report 2023, Council of Scientific and Industrial Research, India (CSIR) is ranked 61st among 1747 government institutions worldwide and is the only Indian organization among the top 100 global government institutions. Further, CSIR holds 7th rank in research and 4th rank in societal category in Asia among 384 government organizations.
